**STATEMENT OF RELIGIOUS LEADERS ON THE MURDER OF DR. GEORGE TILLER**

As religious leaders, we affirm that life is sacred.

We mourn for Dr. George Tiller. We deary the cruel act of violence that ended his life. We pray for his family, friends, colleagues, and staff, and for the untold number of women and families who have been deprived of his compassionate care.

We condemn physical and verbal violence and harassment directed against abortion clinics, their staffs, and their clients. We call for a society that assures safe access and delivery of reproductive health care services, both for the women and families who need them, and the practitioners who provide them.
